

Michael will portray his 2nd great uncle, George M. Wise, Captain and Adjutant, 43rd Ohio Veteran Volunteer Regiment serving under General Rosecrans' Department of the Ohio.

Captain Wise will report as if he has just come back from a reunion of the regiment some 20 years after the Civil War. What did Rosecrans' men think of him? His character, his flaws, and his accomplishments? What was Grant's role in destroying Rosecran's reputation and military career.

Consider: historians don't always get it right; that's why history is continually revisited and rewritten—to get to the truth.
